

ECOLAB®

MAXX Magic2

SUPER WETTING CLEANER

Performance

- ▲ High performance product for multiple cleaning application areas, including industrial
- ▲ Excellent material compatibility prevents damage to surfaces
- ▲ Removes dirt and grease quickly

Efficiency

- ▲ Effective in low concentration (from 0,20%) to reduce cleaning costs
- ▲ Increases intervals between maintenance cleaning and offers outstanding cleaning results, especially on porous surfaces like unglazed tiles in high traffic areas
- ▲ Low foaming for manual and machine cleaning

Safety

- ▲ Material friendly formulation allows use on most water resistant hard surfaces
- ▲ Colour-coded system to ensure the use of the right product for the right cleaning task
- ▲ EU-Ecolabel certified

Use instructions

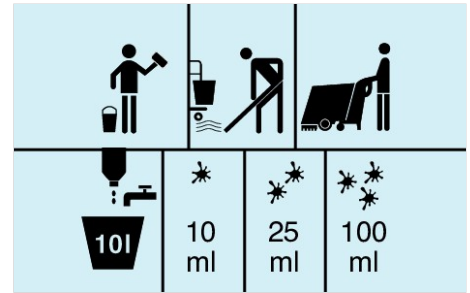

1. Check hygiene plan and product label for detailed use information.

recommended

2. Wear suitable protective clothing when handling the product.

3. Prepare the cleaning solution in a bucket or in the scrubber-dryer fresh water tank. Depending on soiling level, add 20 - 100 ml **MAXX Magic2** to 10 L water. For maintenance cleaning with normal soiling, mix 25 ml Maxx Magic2 with 10 L cold water. For cleaning dispersion-coated floor coverings use max. 1,5%.

4. For manual floor cleaning we recommend the product in combination with Ecolab microfiber mopping systems.

5. For surface cleaning, use **MAXX Magic2** cleaning solution in combination with colour-coded Polifix microfibre cloths to avoid cross-contamination.

6. No rinsing required.

Super Wetting Technology

MAXX Magic2 has a super wetting capability and is well suited for highly water repellent or porous surfaces.

Recommended customer areas

Daily office cleaning, industry, public buildings, hospitals, schools, sports halls, shopping centers, etc.

Special notes

- ▲ Test material compatibility in a small inconspicuous area prior to application.
- ▲ Position warning signs 'Attention wet floor' and leave in place until surface is totally dry.
- ▲ Miscability Certificates available for selected Ecolab disinfection products.
- ▲ Proper dosing saves costs and reduces the impact on the environment.

Safety information

- ▲ For professional use only! Safety Data Sheet available on request.

Storage conditions

- ▲ Store between 0 °C and 40 °C in original container only.
